BEYOND THE EXPECTED

Located in the rolling hills of Mono, Adamo offers an Ontario wine-country experience beyond the province's traditional wine regions. The countryside setting, distinctive architecture and changing seasons are central to the experience.

VINTAGE-LED WINEMAKING

Each wine reflects the conditions of its vintage, the character of the vineyard and the decisions made throughout harvest, fermentation and aging. The portfolio evolves from year to year rather than following a fixed formula.

WINE AND FOOD TOGETHER

The Winery experience is designed to place wine in context. Seasonal menus, shared plates and pairing programs create a natural connection between the cellar, the kitchen and the guest experience.

PEOPLE BEHIND THE EXPERIENCE

Interviews may be arranged with members of the winemaking, culinary and hospitality teams. Topics may include Ontario grape growing, small-batch production, food and wine pairing, hospitality and operating a four-season winery destination.

A DISTINCTIVE VISUAL SETTING

The vineyard, cellar, tasting spaces, stone architecture and surrounding countryside offer a variety of editorial, filming and photography opportunities throughout the year.

GROUPS AND OCCASIONS

Adamo's indoor and outdoor spaces welcome private celebrations, weddings, corporate groups, culinary events and hosted media visits.

EXTEND THE EXPERIENCE

Adamo Estate Winery and Hockley Valley Resort are sister properties. A complimentary shuttle allows resort guests to visit the Winery, while nearby accommodations make it possible to turn a Winery experience into a complete countryside stay.

PLAN AHEAD

Vineyard and cellar access varies according to the season and production schedule. Advance coordination is recommended for interviews, photography, filming and behind-the-scenes access.

MEDIA ACCESS

Winemaker, culinary and hospitality interviews may be arranged through the Marketing Department. Vineyard and cellar access is available by advance arrangement and may be seasonal. Bottle photography, vineyard imagery, tasting notes, awards and detailed background information are available upon request.
